

Sybase and PowerBuilder User Group Switzerland - History 2005

Sybase and PowerBuilder User Group Switzerland

Meeting November 14th, 2005

Over 20 members of the group joined the Meeting at the Hotel Zürichberg in Zurich. During the day the fog disappeared and we could enjoy the beautiful view over the Lake of Zurich.

After the welcome message of our president we started with Steven Dunn. Steven is EMEA (Europe, Middle East & Africa) PowerBuilder Sales Manager. He showed us the PowerBuilder related roadmap of Sybase. Steven (and Sybase) sponsored the meeting with a reasonable amount and a lot of give-aways for the price draw.

John's third presentation was the Bob Wolley dw-eXtreme DataWindow presentation. It's unbelievable what you can do with the DataWindow.
